

ALL SAINTS CE (VC) PRIMARY SCHOOL & NURSERY, RANTON

ACCEPTABLE USE (CAMERAS AND MOBILE PHONES) POLICY

This policy is an **ADDITION** to the Safeguarding Policy, but also stands alone as guidelines for the use of these devices in school. It also covers new technology with camera facility (eg tablet computers)

Statement of intent

It is our intention to provide an environment in which children, parents and staff are safe from images being recorded and inappropriately used in turn eliminating the following concerns:

- Staff being distracted from their work with children
- The inappropriate use of mobile phone cameras around children

Aim

Our aim is to have a clear policy on the acceptable use of mobile phones and cameras that is understood and adhered to by all parties concerned without exception.

In order to achieve this aim, we operate the following Acceptable Use Policy:

Mobile Phones

At All Saints staff are to bring in personal mobile telephones and devices for their own use. Under no circumstances does the school allow a member of staff to contact a current pupil or parent/carer using their personal device.

Users bringing personal devices into the school must ensure there is no inappropriate or illegal content on the device.

All staff must ensure that their mobile telephones/devices are left inside their bag throughout contact time with children. Staff bags should be placed in a safe and secure place (lockers are available in school).

Mobile phone calls may only be taken at staff breaks or in staff members' own time and in the designated staff area.

If staff have a personal emergency they are free to use the setting's phone or make a personal call from their mobile in the designated staff room.

If any staff member has a family emergency or similar and required to keep their mobile phone to hand, prior permission must be sought from the Headteacher.

Staff (will need to) ensure that the school has up to date contact information and that staff make their families, children's schools etc. aware of emergency work telephone numbers. This is the responsibility of the individual staff member.

All parent helpers/students will be requested to place their bag containing their phone in the staff room or another appropriate location and asked to take make or receive any calls in the staff room.

During educational visits nominated staff will have access to the school's nominated mobile phone, which is to be used for emergency purposes only.

It is the responsibility of all members of staff to be vigilant and report any concerns to the Headteacher.

Concerns will be taken seriously, logged and investigated appropriately (see allegations against a member of staff policy).

The Headteacher reserves the right to check the image contents of a member of staff's mobile phone should there be any cause for concern over the appropriate use of it.

Should inappropriate material be found then our Local Authority Designated Officer (LADO) will be contacted immediately. We will follow the guidance of the LADO as to the appropriate measures for the staff member's dismissal.

Cameras (Early Years and whole school)

Photographs taken for the purpose of recording a child or group of children participating in activities or celebrating their achievements is an effective form of recording their progression in the Early Years Foundation Stage. However, it is essential that photographs are taken and stored appropriately to safeguard the children in our care.

Only the designated camera is to be used to take any photo within the setting or on outings (**staff's own cameras should never be used**). Images taken on this camera must be deemed suitable without putting the child/children in any compromising positions that could cause embarrassment or distress.

All staff are responsible for the location of the camera; this should be placed in a safe and secure place when not in use. The camera must be secured at the end of every session. Images taken and stored on the camera must be downloaded as soon as possible, ideally once a week. Images must only be down-loaded by staff members.

If the technology is available images should be downloaded on-site. Should this facilities not be available these may be downloaded off-site and erased from the business laptop computer as soon as the images have successfully been printed. Photographs should then be distributed to members of staff to record in children's learning journeys.

Under no circumstances must cameras of any kind be taken into the bathrooms without prior consultation with the EYFS or Key Stage Leader. If photographs need to be taken in a bathroom, i.e. photographs of the children washing their hands, then the Manager or Leader must be asked first and staff be supervised whilst carrying out this kind of activity. At all times the camera must be placed in a prominent place where it can be seen.

Failure to adhere to the contents of this policy will lead to disciplinary procedures being followed.

The Senior Leadership Team and Headteacher will monitor the effectiveness and implementation of this policy, in consultation with the Governing Body. Any changes to this policy, as advised by the Local Authority Safeguarding Board will be implemented immediately and all staff and governors will be informed.

This Policy is to be reviewed alongside the Safeguarding Policy (September 2018)
